Beyond Green™ Cleaning

9601-001 RTU, 9601-002
Carpet Stain Buster™

Description

- A solution for all shampooing and spotting as well as deodorizing and neutralizing odors.
- Rapidly penetrates soil to dissolve and remove all types of stains.
- Keeps working hours after initial cleaning to permanently eliminate stains and odors.
- Fast-acting formula results in quick, easy removal of soils and stains.
- Leaves no soapy-residue to contribute to re-soiling.
- Versatile formula can be used in extraction equipment, bonnet cleaning and spotting.
- Neutral pH which is safe for use on all carpets, including 5th-generation fibers.
- Bio-based, all-natural and biodegradable.

Advantages

Nano particles are continuously involved in random repulsion from each other and, as a result, are disorderly and endlessly moving in a “BROWNIAN MOTION.” Their continuous chain-collision creates significantly smaller particles. This endless mobility and continuous fragmentation is called "Nano-Activity.”

Several factors contribute to the phenomenal success of “Active-Nano." First, Active-Nanoids chip away the soil and dirt from any surface without chemical intrusion. By continuous fragmentation of the original size of a Nanoid particle, Active-Nanoids produce significantly smaller Nanoidal particles making them more accessible for different sizes of openings in cleaning surfaces.

The second contributor is the composition of an Active-Nanoid which possesses equal hydrophilic/hydrophobic properties. Thus, water solubility or oiliness of the working environment doesn't make any difference. The third contributor is the matrix structure which is a cleaning application. It helps to prevent the re-depositing of soil back onto the cleaning surface. The fourth contributor is the porosity of Active-Nanoid particles which traps and absorbs the particles suspended in media, holds them and renders them inert.

Technical Information

Usage	Dilution Ratio	RTU, 1:25
Physical Properties	Appearance	Liquid
	Color	Clear
	Fragrance	None
	pH	7
	Shelf Life	Minimum 1 Year
Primary Packaging	9601-001	(12) 32 oz./946 ml.
	9601-002	(4) 1 gal./3.78 L

Technology

Carpet Stain Buster™ is the complete carpet-cleaning solution, solving shampooing, spotting, deodorizing and neutralizing needs. A simple and effective method of eliminating protein-based stains and odors instantly.

Three easy steps to soil removal: Apply, agitate and blot. The versatile formula can be used in extraction equipment, bonnet cleaning and spotting.

Application

Extraction:

Pre-spray the soiled carpet with 6 ounces of Carpet Stain Buster™ per gallon of water. Allow it to remain undisturbed for at least 10 minutes, then extract using 1 ounce of Carpet Stain Buster™ per gallon of water in the extractor.

Bonnet Cleaning:

Use 10 ounces of Carpet Stain Buster™ per gallon of water and apply using the preferred method for bonnet cleaning. Pre-spray carpet and allow to stand for 5 to 10 minutes, then bonnet with a damp bonnet pad.

Spotting:

Soak the soiled area with 10 ounces of Carpet Stain Buster™ per gallon of water, including the backing and pad if possible. Agitate the soiled area and blot with a soft clean cloth.
