Packaging	Primary Packaging	4/1 gal

Technology

- Odor neutralizer not a masking or covering agent - leaving hands smelling clean and fresh.
- Bonds permanently with surface and neutralizes odors from mold, smoke, urine and vomit.

Phytology Technology is a revolutionary technology that relies on using bioflavonoids and plant extracts that create a synergistic reaction between natural-organic acids and natural-organic sugars and, when combined, produce extremely powerful cleaning agents.

Directions

Odor Buster Gel[™] should be used before washing hands as an odor neutralizer. The product is rapidly effective against a wide range of odors. Effective emollients in the product condition the skin and help to prevent irritation and dryness.

USE

Dispense 2.5 ml of the product onto the palms of the hand. Simply rub over the hands and allow to air dry.

No Rinsing Is Needed.
